

FatFree!®*

Helps to Control Fat and Curb Your Appetite
Any Day You Choose*

Everyone knows the way they should eat

Supermarkets are lined with fat-conscious foods. Magazines try to teach us to "eat smart." But even the most disciplined person can have difficulty controlling fat consumption.

FatFree!* helps to prevent the absorption of fat and then expels it from your body*

- Just 2 tablets 30 minutes before each meal and FatFree! is ready to help reduce the amount of fat absorbed by your digestive system.*
- Appetite control, too - any day you need it. You will not want to overindulge because you will have a feeling of fullness before you eat.*
- Helps digestion and elimination by increasing the fiber in your diet.*

A most intelligent combination of herbs to help keep you slim, healthy and in control*

- FatFree!* is 100% natural - free from drugs and artificial additives.
- Glucomannan is a natural herb that is one of the highest sources of fiber. It also works with Gymnema sylvestre and other herbs to diminish your appetite and help your body maintain healthy cholesterol levels.*
